

Your commercial roofing
company for the past 25 years.

INTEGRITY FIRST®

As the coronavirus (COVID-19) situation unfolds, I want to share three simple words with you: **We are ready.** We urge you to be ready, too.

Our company has a strong track record of preparing for many kinds of emergencies, including now this pandemic. We are taking the spread of this virus seriously and we urge our customers to do the same.

PSI prepares year-round for the unexpected to ensure we can continue to deliver premium roofing services and products to our customers. We have established detailed plans and have put them in action and there is no higher priority for us than the health, safety and physical well-being of our associates and customers.

- 1) We're monitoring COVID-19 closely: As part of our standard preparedness protocol, we have been closely monitoring and assessing the impact of COVID-19 and urging our employees to follow recommendations from the Centers for Disease Control and Prevention and the local government and authorities for protecting themselves and others from this virus.
- 2) We're taking actions to protect our employees and others: Out of an abundance of caution and our commitment to protecting the health and safety of our employees and our customers, effectively immediately, we will reduce the amount of offices and indoor visits. If we need to interact with you or enter your home or business for an inspection, we will be practicing social distancing for your safety and the safety of our associates.
- 3) Our field teams will continue to perform their work and provide the highest quality workmanship while making sure all safety and health guidelines and regulations are being followed and good hygiene practices are taking place.

We value our associates and our customers, and we are looking forward to serving you and your business to the best of our abilities and hope to work together and contribute to the well-being of our community in South Florida. Our commitment to keep businesses and homes watertight while repairing, replacing or maintaining your roofs continue to be our highest priority making sure you and your loved ones and associates are always protected.

Be safe and well.

Thank you,

Paulo Souza
President
